

How to Download & Install Apache JMeter

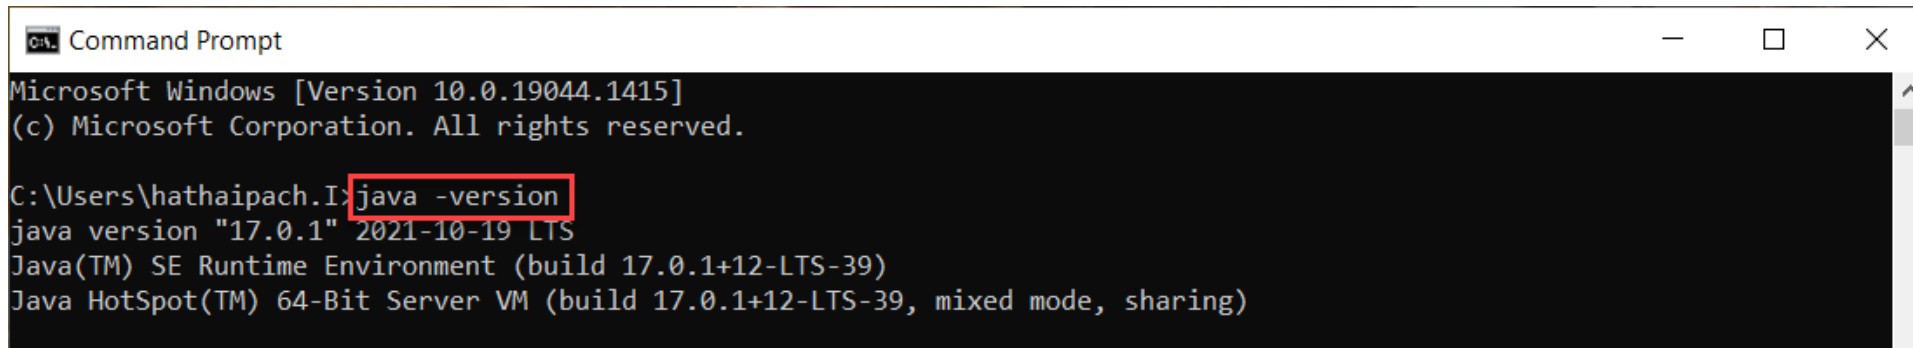

Present by Hathaipach lamnetr

Steps to Install JMeter

- Step 1) Install Java
- Because JMeter is pure Java desktop application, it requires a fully compliant JVM 6 or higher. You can download and install the latest version of Java SE Development Kit. [Download Java Platform \(JDK\)](#)
- After installation is finished, you can use the following procedure to check whether Java JDK is installed successfully in your system
- In Window/Linux, go to **Terminal**

Steps to Install JMeter

- Enter command **java -version**
- If the Java runtime environment is installed successfully, you will see the output as the figure below

A screenshot of a Windows Command Prompt window. The title bar reads 'Command Prompt'. The window content shows the following text: 'Microsoft Windows [Version 10.0.19044.1415]', '(c) Microsoft Corporation. All rights reserved.', 'C:\Users\hathaipach.I>java -version', 'java version "17.0.1" 2021-10-19 LTS', 'Java(TM) SE Runtime Environment (build 17.0.1+12-LTS-39)', and 'Java HotSpot(TM) 64-Bit Server VM (build 17.0.1+12-LTS-39, mixed mode, sharing)'. The command 'java -version' is highlighted with a red rectangular box.

```
Microsoft Windows [Version 10.0.19044.1415]
(c) Microsoft Corporation. All rights reserved.

C:\Users\hathaipach.I>java -version
java version "17.0.1" 2021-10-19 LTS
Java(TM) SE Runtime Environment (build 17.0.1+12-LTS-39)
Java HotSpot(TM) 64-Bit Server VM (build 17.0.1+12-LTS-39, mixed mode, sharing)
```

Steps to Install JMeter

- **Step 2) Download JMeter**
- As of this writing, the latest version of JMeter is **Apache JMeter 5.4**. You can download it [here](#) . Choose the Binaries file (either zip or tgz) to download as shown in the figure below

Apache JMeter 5.4.1 (Requires Java 8+)

Binaries

apache-jmeter-5.4.1.tgz	sha512 pgp
apache-jmeter-5.4.1.zip	sha512 pgp

Steps to Install JMeter

- **Step 3) Installation**
- Installation of JMeter is extremely easy and simple. You simply unzip the zip/tar file into the directory where you want JMeter to be installed. There is no tedious installation screen to deal with! Simply unzip and you are done!

Steps to Install JMeter

- Once the unzipping is done installation directory structure should look like as figure below

Name	Date modified	Type	Size
bin	12/17/2021 9:41 AM	File folder	
docs	2/1/1980 12:00 AM	File folder	
extras	2/1/1980 12:00 AM	File folder	
lib	2/1/1980 12:00 AM	File folder	
licenses	2/1/1980 12:00 AM	File folder	
printable_docs	2/1/1980 12:00 AM	File folder	
LICENSE	2/1/1980 12:00 AM	File	16 KB
NOTICE	2/1/1980 12:00 AM	File	1 KB
README	2/1/1980 12:00 AM	Markdown Source ...	10 KB

/bin: Contains JMeter script file for starting JMeter

/docs: JMeter documentation files

/extras: ant related extra files

/lib/: Contains the required Java library for JMeter

/printable_docs:

Open JMeter

- Go to apache-jmeter-5.4.1> bin
- Double click jmeter.bat file the screen to shown as the figure below
